

BLOCK ICE MACHINES

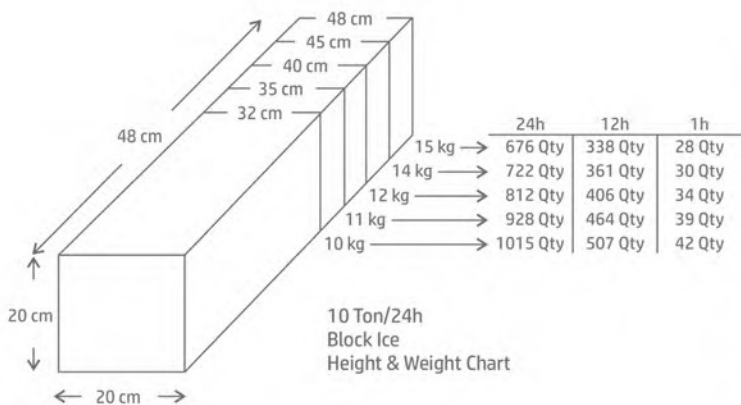

BLOCK ICE MACHINES

Capacity Range
 3.000 kg/24h to 20.000 kg/24h

Block ice machines have an easy to use, dynamic and intelligent design compared to others. It generates ice blocks by pressing and shaping the ice which is produced by the flake ice machine.

- Clean & Hygienic
- Fast & User Friendly
- No Moulds & No Glycol
- 24/7 non-stop operation.
- New Design & Latest Ice Production Technology
- Produces blocks of consistent size, shape, and weights.
- Gives you the flexibility to use it either as a flake ice machine or a block ice machine.
- Hydraulically activated system
- One-man operation

Block ice size: 15 x 15 x 30 cm. 5kg
 Block ice size: 20 x 20 x 50 cm. 15kg.
 Block ice size: 25 x 25 x 50 cm. 23kg.

Model Name	Flake Ice Capacity (Per Day)	Block Ice Capacity (Per Day)	Block Ice Size	Block Ice Weight	Compressor Power
BLOCK-CP-3T	3.000 kg/24h	600 Pieces	15 x 15 x 30 cm	5 kg	15 HP
BLOCK-CP-5T	5.000 kg/24h	1.000 Pieces	15 x 15 x 30 cm	5 kg	25 HP
BLOCK-CP-10T	10.000 kg/24h	660 Pieces	20 x 20 x 48 cm	15 kg	40 HP
BLOCK-CP-10Ts	10.000 kg/24h	434 Pieces	25 x 25 x 48 cm	23 kg	40 HP
BLOCK-CP-15T	15.000 kg/24h	1.000 Pieces	20 x 20 x 48 cm	15 kg	2 x 40 HP
BLOCK-CP-15Ts	15.000 kg/24h	652 Pieces	25 x 25 x 48 cm	23 kg	2 x 40 HP
BLOCK-CP-20T	20.000 kg/24h	860 Pieces	25 x 25 x 48 cm	23 kg	2 x 40 HP
